PAPER

Please find below and/or attached an Office communication concerning this application or proceeding.

The time period for reply, if any, is set in the attached communication.

Art Unit: 1791

Continuation of 3. NOTE:

Claim 1 as amended would require “wherein the solar battery panel has a structure with strings sandwiched with a filler between a reinforcing material and a cover glass, and wherein the filler is ethylene-vinyl acetate (EVA) resin”. This is a new limitation raising new issues such that the amendment is not entered as doing so would require further consideration and/or search of the new issues.

/John L. Goff/
Primary Examiner, Art Unit 1791
